

THE BLAIRMORE ENTERPRISE

VOL. XV, No. 28.

BLAIRMORE, ALBERTA, THURSDAY, JULY 10, 1924.

\$2.00 PER ANNUM

\$25,500 FOR BLAIRMORE

The supplementary estimates brought down at Ottawa on Monday night total \$6,804,809.

For Alberta there is a sum of \$21,500 for public works, including dredging and cribbing at Blairmore.

The above amount represents about one-fifth of what was asked for. The amount of damage done in Blairmore by the floods in the spring of 1923 was estimated at \$105,000.

Already the town and the company have spent more than the amount set down by Ottawa.

Mr. A. C. Scott, manager of the Canadian Bank of Commerce at Rosebud Creek, Alta., accompanied by Mrs. Scott, is visiting his brother, W. Scott, for a few days.

BLAIRMORE GOLF CLUB

The putting and approaching competitions were held yesterday with the following results:

Ladies—1 Mrs. J. R. Smith, 8. 2 Mrs. Green and Mrs. Faymer, 9. On the play off for second prize Mrs. Faymer won.

Gentlemen—G. A. Passmore, 8. A match was also played between Ladies and Gentlemen with the following result:

Ladies—Mrs. Erid 31, Miss Brechler 32, Mrs. Faymer 32, Mrs. J. R. Smith 33, Miss Faymer 34, Mrs. Turner 34, Mrs. P. J. Smith 35, Mrs. Rhynas 35, Mrs. G. H. Thompson 36, Mrs. Robert 37, Mrs. Barnacle 39, Miss Davis 39, Mrs. Green 40, Mrs. Burns 43—Total 500, less 56, 444.

Gentlemen—D. G. Mackenzie 24, F. J. Smith 25, G. A. Passmore 28, V. Newhall 28, M. G. Rhynas 30, J. B. Wilson 30, D. Martin 30, W. Bird 30, J. H. Farmer 30, A. J. Kelly 30, L. P. Robert 31, J. E. Smith 31, W. Godard 32, Earl Oke 37—Total 417.

INSTALLATION OF OFFICERS BLAIRMORE L.O.O.F. LODGE

Installation of officers of Blairmore Lodge, L.O.O.F., took place on Tuesday evening when Bro. Christie, B.D. G.M., installed the following officers: N. G.—A. Morency, P.G. V. G.—D. A. Howe. R. S.—J. B. Harmer, P.G. O. G.—M. B. Huffman, P.G. Warder—F. Goulding. Chaplain—J. Patterson, P.G. R. S. N. G.—W. Patterson, P.G. L. S. N. G.—S. Simister. R. S. V. G.—R. Crayford. L. S. V. G.—J. Howe.

Mr. and Mrs. D. R. Mackay returned from Lethbridge on Wednesday.

LOCAL ODDFELLOWS

WILL DEDICATE HALL

The local Oddfellows will hold a dedication ceremony in the lodge hall next Wednesday night. Word has been received that the Grand Master of Alberta will be present and possibly some other Grand Officers.

This should prove an interesting evening and the committee in charge of arrangements hope to make this one of the best nights in the interests of Oddfellowship yet spent in the local hall.

All brothers are requested to attend. Visiting members cordially invited.

DR. DUBUC AND FAMILY, OF PINCHER CREEK, ESCAPE WITH INJURIES

Tumbling off the road on the side of a mountain at Bonners Ferry, Idaho, the car driven by Dr. G. A. Dubuc, of Pincher Creek, rolled down the embankment for a distance of one hundred feet without fatally injuring any of the passengers. Dr. Dubuc escaped with a few minor bruises, while his wife, in addition to being bruised, suffered a broken collar bone. Their son, Guy, was also badly shaken up. It was a miracle that any of them escaped, as the car was badly damaged in the fall.

They were all brought into Calgary by train, arriving there on Sunday. Mrs. Dubuc and Guy were removed to the Holy Cross hospital where they were attended by Dr. J. S. McEachern. They had recovered sufficiently on Tuesday to permit their removal to their home at Pincher Creek.

WHERE THE MONEY GOES

Re Home Bank Enquiry (Extracts from Hansard)

Questions by Mr. Harris. Answers by Hon. Mr. Lapointe:

What counsel on the Home Bank enquiry are paid by the government? Eugene Lefleur, K. C., and H. J. Symington, K.C.

What fees and expenses are allowed each of the counsel so employed?

Mr. Lefleur received \$250 per day and his expenses; Mr. Symington's fees have not been stipulated.

What legal firm is Mr. H. J. Symington, one of such counsel, a member of?

The firm of Hudson, Ormond, Spice and Symington, of Winnipeg.

Has such legal firm acted for the Union Grain Growers' Company, of which Mr. T. A. Crerar is president?

The government is not informed. Questions by Mr. Harris. Answers by Mr. Low:

What amount was paid H. J. Symington, K.C., in connection with the Great Lakes rates enquiry as (a) fees; (b) expenses?

Total amounts paid from January 31st to April 30th, 1923, are—Remuneration \$9,450, per diem allowance \$705, expenses \$471.43.

DEPT. OF EDUCATION TO CONSIDER NEW TEXT BOOKS

In reply to the local school board's recent communication, the following has been received from the deputy minister of education:

"Edmonton, Alberta, June 30, 1924.

Secretary Blairmore School District, No. 628, Blairmore.

Dear Sir:

I am in receipt of your letter of the 26th instant, and in reply I beg to advise you that the Supervisor of Schools, Mr. McNally, in co-operation with a committee dealing with school curricula, is endeavoring to secure suitable textbooks for all subjects on the course of study for both elementary and secondary schools.

(Signed) J. T. Ross, Deputy Minister."

Mrs. C. Jungett and children have returned to Lethbridge after a visit with friends in Prince Albert, Sask.

Pete Vandemere, a Calgary rider, proved a winner at the British Empire Exhibition, carrying off first prize in broncho busting.

The law firm of McDonald, Martin & Mackenzie, at Macleod, has been dissolved. Mr. Mackenzie is now with Mr. Gillis, here. Mr. Martin is opening an office at Macleod, while Mr. McDonald will continue in the old office occupied by the firm.

Insurance Payments

Systematic saving is an easy way to meet life and fire insurance premiums, taxes, and other fixed expenses.

Deposit in a Union Bank Savings Account each month one twelfth of your annual premium and you will have the full premium in the bank when it comes due, plus interest.

The Cost Of Automobiling

There are at least 150,000 licensed automobiles in the three Prairie Provinces, and it is undoubtedly a safe and conservative estimate to place an average value of \$1,000 on these cars. This represents an approximate investment for cars alone of one hundred and fifty millions of dollars.

The purchase of a car is, however, but the beginning of the expense bill. In the cities and larger towns ownership of a car involves the building of a garage in which to house it, or the payment of a monthly rental for storage in a public garage. Including permits recorded in Western cities in recent years include thousands of permits for private garages, and the cost of these would in the aggregate provide for the erection of many residences.

Then before the car can be operated a Government license must be obtained. The cost of these varies according to size and cost of the cars, but a low average may be placed at \$15.00 per car, or a total of two and one-half millions of dollars paid to Government.

Gasoline and oils are a further requisite if a car is not to stand idle. Again striking averages it is probably not excessive to assume an average of two gallons of gasoline per car per day for, say, a period 200 days in the year. Any less average consumption than this would mean that a car owner was not getting value in service for his capital investment in a car. Gasoline consumption would, therefore, amount to 200,000 gallons a day, or 60,000,000 gallons for the 200-day period, and at 35 cents per gallon will reach the substantial total of \$21,000,000. Add oils and the bill will not fall far short of twenty-five millions of dollars for power and lubrication.

Thus comes the bill, extremely difficult to estimate, for tires, repairs, recharging and replacement of batteries, and public garage services of one kind and another. Let the low average of \$10.00 per car—own or leased—on new cars be run less than this, but others will exceed it several times over in a season—and another fifteen millions of dollars is added to the total.

Still another item is that for insurance on the car against theft, fire, personal liability and property loss; also insurance against fire on the garage building. Some car owners may not protect themselves in this way, but as a strictly business proposition they should. But business done at an average of \$50.00 per car, which is too low, and it comes to four and one-half millions of dollars.

These are the main cost items of automobiling in the three Prairie Provinces, but they do not include many other items too numerous to mention. They represent a formidable bill of two hundred millions of dollars, or an average of \$100.00 for every man, woman and child in this Western country. Eliminating the original capital investment for the cars, and charging seven per cent on the money so invested, it will be found that the annual cost of maintaining the West's large and steadily increasing fleet of motor cars is between fifty and sixty millions of dollars.

To the extent that cars are used for business purposes, and are, therefore, revenue producing for the owner, this large expenditure in these so-called "hard times" may be justified. But it is a pretty well recognized fact that tens of thousands of these cars have been purchased and are used for pleasure purposes only.

Ownership of cars was kept in bounds and limited so long as the purchase of one was a spot cash proposition; although even then some people were foolish enough to mortgage their homes and businesses to buy a car. When the manufacturers adopted the policy of selling cars on time with a small cash payment down, it became a case of "keeping up with the Joneses," and everybody began doing it, many little realizing that the monthly cost of upkeep of a car was all their resources could stand without also having monthly payments to meet on the purchase price.

City men use a car now instead of making a score or so of city blocks to their offices, thus losing the exercise which their sedentary occupations make so necessary to good health and physical fitness. On the other hand, the automobile has made it possible for city people to get out into the country and to summer resorts, golf links, etc., to an extent that was formerly impossible. It has been a boon to many young mothers thus enabled to take the children out for an airing. It has been an important factor, along with the rural telephone, in banishing much of the isolation and loneliness of farm life, and in times of sickness and accident has become indispensable to doctor and nurse.

Ask Provinces To Share Pensions Cost

Government Would Pay Half Amounting to \$1,380,929 Per Annum.

Old age pensions of \$20 a month to begin at the age of 70 were recommended to the House of Commons by the Special Committee on Old Age Pensions. It is estimated by the committee that the number of pensioners requiring to be pensioned under the plan would be 59,500, or approximately 40 per cent of the total population of the Dominion at the age of 70. The total cost of the scheme in the Dominion is placed at \$1,380,929 per annum. This is only one-half of the pension estimated to be paid, the provinces being asked, under the plan, to provide the other half and to pay cost of administration of the act. Residence of 28 years on the part of a British subject is fixed as a condition of pension ability while aliens must be naturalized and must reside here for 25 years in order to qualify.

A Wise Suggestion

The Mail—We often wonder, man; why you don't get rid of that piano and are the wireless—look what a lot of dust! It'd save.

The idea that one of life's greatest worries is the fear of losing the job is not borne out by the history way in which many people go to it.

Saskatchewan Crop Production

Value of Field Crop For Last Year Placed At \$249,215,740.

The value of field crop production for the province of Saskatchewan during 1922, is placed at \$249,215,740, according to official returns made by the department of agriculture. The value of other farm products, including dairy, wool, game, fur, etc., is placed at \$25,274,472. Wheat production was 252,622,000 bushels from 12,791,000 acres, or an average of 19.75 bushels per acre. There was a total yield of 214,975,000 bushels of oats from 4,896,770 acres, an average of 44.50 bushels per acre. The area under cultivation last year was 26,988,522 acres.

For Rheumatic Pains.—The pains and aches of Sciatica and Rheumatism should be treated with Dr. Thomas' Electric Oil. The soothing and healing properties of this famous remedy have been demonstrated for fifty years. Use it also for inflammatory pains, cuts, scratches, bruises, and sprains, either in human beings or the lower animals.

Light Thoughts

Dr. J. C. Hatch

The Shield Of Empire

British Special Service Squadron Last Word In Efficiency

The visit of the British special squadron at Victoria in the course of its world-encompassing tour, was an event that could not fail to appeal to the pride and patriotism of every true Canadian. For it represents, not only a branch of His Majesty's service that is every where exceedingly popular, but a power which did more than any other to end the last war, and which today is the most potent in preserving peace.

A foreign ambassador once declared that on the continent of Europe, when troubles threatened or disasters occurred, there was no sight more reassuring than that of the Union Jack flying at the masthead of the British Embassy or British Consulate. It was, he said, an emblem of security which the people of every country respected and appreciated.

And in time of peace, no less than in time of war, there is something comforting, even in the appearance of a British war ship. It is a type that inspires confidence, and is irresistible on land as he is at sea. Watch him at drill or in action, and you will see in him the personification of discipline, a "first-class fighting man," alert, active, responsive to every command. Send him ashore on duty, and he becomes as light-hearted as a schoolboy at a picnic, the soul of gaiety and fun, getting more out of life in a limited time than any other human being; and yet "ready, aye, ready" for any emergency.

It is this combination of discipline and training with genial comradeship and sportiveness that forms one of the secrets of the British navy's strength. Whether being a British gun, or navigating a ship of the desert, whether rescuing people from drowning or riding a donkey will face astern; whether carrying relief to the victims of an earthquake or climbing church spires, a "Jacky" enters into the spirit of the thing, with a zest that reveals the good old English spirit at its best.

The squadron commanded by Vice-Admiral Sir Frederick S. Field has already visited Australia, New Zealand and South Africa in the course of its tour, and at every port of call has received a welcome worthy of the people of an Empire which regards the navy as its surest defence. Apart from what it represents the squadron is the best word in naval development and efficiency, being, it is said, as far in advance of the battleship squadrons of the Grand Fleet which fought at Jutland, as that fighting unit was in advance of the old Channel Fleet of Victorian days.

Whether the corn be of old or new growth, it must yield to Holway's Corn Remover.

Where Murder Is Commonplace

More Than 10,000 Murders a Year In United States.

The murder record of the United States has reached a point where it has aroused comment from the Americans themselves.

A newspaper statistician recently put the situation emphatically in these words:

"If time 24 hours ran true to form there will be 28 American slain."

That is, it seems, the daily murder score in the United States.

In other words, there are, in the neighboring republic, more than 10,000 murders a year.

But these figures account only for the murders brought to light. There must be others never reported. Then, too, of the long lists of missing persons, many, unquestionably, are victims of assassins.

More than that, the proportion of murders to the general population is increasing. Twenty years ago the United States was twice as safe a country to live in. In other words, in twenty years the murder rate, in proportion to population, has doubled—Stratford Beacon-Herald.

Capacity Cargo For Orient

Following a four weeks lay-over in Vancouver, during which time she was thoroughly recommissioned after her five months cruise around the world, the Canadian Pacific Empress of Canada resumed service as the regular trans-Pacific schedule when she left recently for Oriental ports. The capacity cargo of high-class merchandise for Japanese and Chinese markets, as well as the usual cargoes of flour, wheat, lead, cigarettes and automobiles was in her hold.

Germany Likes Hockey

Hockey and cricket played by five in Germany before the war, are gaining in popularity, but tennis continues the game most in vogue. While the number of golf players has greatly increased in the last few years, the spread of this game is hampered by the lack of ground for links. Golf, for instance, has only two courses.

Admit Germany To

Chamber Of Commerce

French Minister of Finance Supports Motion of Belgian Member

Germany has been admitted to membership in the International Chamber of Commerce. The motion admitting Germany was made by one of the Belgian members and supported by Rittelm, Clementel, French minister of finance, on behalf of the Cabinet.

The motion was adopted by the council of the chamber unanimously. Only two conditions were made by the council on the German membership. The first one was that German commercial interests should agree to a further resolution of the chamber respecting reciprocity, and second, that the Dares report be accepted.

The German Chamber of Commerce has been organized for some time in the hope that its delegates would be admitted to the international body.

Sir Alan G. Anderson, British controller of naval construction, came from London especially to present considerations for admitting Germany (immediately). He said that in the period of consultation it would be of the first importance for financial and business men of other countries to sit on the same board with Germany and meet at first hand how the German economic interests felt.

M. Clementel is an earnest advocate, said the Frenchmen could now discuss common questions with Germany face to face.

The Belgian members showed strong anxiety in moving the resolution for the admission of Germany, it has been from Belgium rather than from France that the opposition to admitting Germany had come previously.

Stomach Cramps

Yield to "Nervine"

When doubled up at midnight with cramps you don't feel like experimenting; what you want is something to relieve the pain. Nervine acts so effectively as Nervine. Take twenty drops in a little sweetened water and you will be comfortable. Nervine is about five times as strong as most medicines, and because it is strong only a small dose is required to give instant effect. For stomach cramps, fermentation, cramps, etc., Nervine should be kept in every home. For sure protection, get "Nervine" today. 35c at dealers.

Discover New Sport

Rabbit Hunting On Motorcycles. Becoming Popular in California.

The mysterious nocturnal roars of motorcycles in the open fields at Del Norte, near San Bernardino, Cal., which for some time caused farmers in the vicinity many sleepless nights, was explained recently by a youth who declared that rabbit hunting on motorcycles by night was fast becoming the popular sport of the town cyclists. He explained that riders chase the rabbits through the fields until the animals reached exhaustion, then drew up alongside and grabbed them by the ears.

Dust Causes Asthma. Even a little speck too small to see will lead to asthma, says a doctor in a descriptive. The walls of the breathing tubes contract and it seems as if the very life must pass. From this condition Dr. J. D. Kollig's Asthma Remedy brings the user to perfect rest. It relieves the spasms and more breathing is firmly established again. Hundreds of testimonials received annually prove its effectiveness.

United States to Assist Europe

The United States is not only willing but anxious to assist Europe in putting the settlement of her reparations problem, but does not intend to participate in any political difficulties overseas, a spokesman for President Coolidge said, commenting on the proposed international conference in London to consider means of putting the reparations experts' plan into effect.

If clothes make the man, some men must patronize mighty poor tailors.

Using Hydrogen For

Inflating Dirigibles

British Specifications Call For Use Of Inflammable Material

In spite of frequent disasters to the rigid type of dirigible, the airship is to be given further trial by the British Government. The record of the Shenandoah, though still brief, is encouraging. The longer record of the R-34, the British craft, which visited New York a few years ago, is notable. The tragedies of the R-38 (ZR-1) and the R-40 do not prove that dirigible is impossible to attain.

The Shenandoah is inflated with helium. But that gas, while non-inflammable, has disadvantages. It is not so buoyant as hydrogen and an insuperable objection to it, from the British viewpoint, is that it is obtainable only in this continent. The dream of a quick airship service between Australia and England, via India, Singapore and Ceylon, hardly could be realized if the precious helium had to be brought from America.

So the specifications for the two great airships authorized by the Macdonald Government of Great Britain call for inflation with the highly inflammable hydrogen. It is believed, however, that safeguards in the vicinity of the internal-combustion engine will reduce the risks of fire to the minimum.

It is pointed out that it is the gasoline vapor about the engines which has fired first, thus setting off the hydrogen. A great advantage of hydrogen is that the surplus which now is allowed to escape as the burden of the ship decreases on a long trip, through consumption of fuel and other stores, may be used for fuel for the engines themselves. This would increase the cruising range—From the Buffalo Express.

One of Nature's Secrets

Here's a tree planted 294 years ago that will bear fruit again this season. Last year it yielded a bushel of pears. The tree is at Dummerport, Mass. It was brought over from England by Governor John Endicott in 1629 and planted on his farm.

Why does Nature give 294 years of life to an unselfish, relatively useless, tree—and kill off men with super-brains before they are a third as old? Is she jealous of her secrets, afraid we'll learn too much? You've noticed that the finest brains usually are in weak bodies—Nature trying to destroy them.

Million For Grain Elevator

A vote of \$1,000,000 for the construction of the government grain elevator at Edmonton, was passed in the House of Commons in committee of supply. Hon. Thomas A. Low, minister of trade and commerce, stated that the elevator would have a capacity of 2,000,000 bushels. It was hoped that it would be ready by the time the next crop was moved.

The little of doctor, is believed to have been first adopted in the 12th century.

The "bald" eagle lives chiefly on fish, dead or alive.

Minard's Liniment: Heals Cuts

Canadian Exports To U.S.

Products of Forests Help Greatly to Boost Amount of Exports

Canadian exports to the United States for the twelve months ending with April, 1924, show an increase of something more than 40 millions of dollars over the corresponding period of 1922-23, and an example of the rapid growth in the demands of the United States upon the forest resources of the Dominion is furnished by the fact that this 40-million increase, 21 millions comes from wood and paper exports. Next to wood and paper exports, animal products is of greatest importance in Canada's exports to the United States, with agricultural and vegetable products third.

NERVOUS DEPRESSION

Why People Are Low Spirited and Depressed

Nearly all women and most men suffer at times from fits of depression and low spirits. Everything seems a burden; then come periods of nervous irritability, headaches and weariness. People who suffer this way make vitality because their blood is poor and nerves are starved in consequence.

The only way the nerves can be reached is through the blood. By enriching the blood with Dr. Williams' Pink Pills the stored nerves are supplied with just the elements they need.

This is proved by the experience of Dr. C. E. Dyer, of the West, Vancouver, B.C., who says: "About three years ago I became very weak and nervous. I had pains in my neck and back, and also suffered from frequent pains in the back of my head and neck. I was hardly able to do anything about the house. I would wake with a start in the night and find myself unable to get up. I was almost choked me. I tried much doctor medicine but it did me no good. One day I read about Dr. Williams' Pink Pills and decided to give them a trial. These pills produced a beneficial change in a short time that I never felt before until I had used a dozen boxes. By this time there was such an improvement in my condition that I decided to ask what I was taking, and of course it was only too pleased to tell them was Dr. Williams' Pink Pills. I am now feeling like a new person and am doing my own housework. We would not now be without Dr. Williams' Pink Pills in the house."

You can get these pills from your druggist, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

The Modern Girl

The most deadly foe of the girl of today is fatigue, according to Dr. Charles D. Hall, of Leland Stanford University. "The modern girl craves a short but fresh life," Dr. Hall says. "She fills her life with innocent activities and thus courts nervous bankruptcy."

 bearing the sad news of the death of
 her father, who has been ailing for
 some time.

An English coin, known as a farthing,
 lost by some Scotchman on Vic-
 toria Street on Monday last, may be
 had on application to The Enterprise
 office and upon payment of sixty
 cents for this notice.

Money: Something that is a nuisance
 if you have and makes a nuisance
 of you if you haven't it. If you
 save it the tax collector gets it, and
 if you don't save it the bank gets it.
 If you put it in a bank the bank
 financiers get it; if you carry it
 around with you the bandits get it;
 if you take it home your wife gets it.
 If you absent-mindedly allow it to ac-
 cumulate you're an enemy to society;
 if you absent-mindedly let it slip
 through your fingers you're no good.

The Home Bank has suffered many
 severe shocks, but the latest is to
 have one of its very good "special as-
 sets" struck by lightning. In the
 statement issued by the liquidators, a
 loan of \$1,143,234 is shown to the
 South New Orleans Light and Power
 company. Word reached Toronto that
 a bolt of lightning struck right into
 the centre of the electric machinery
 and at every point available electric
 explosions occurred, barely giving the
 employees time to get out of the
 power house. The loss is substan-
 tially covered with insurance.

The American Consul at Fernie in-
 forms us that to date no allotments
 have been received by him from any
 of the quot control offices in Canada.
 Until such allotments arrive he is not
 authorized to grant visas to Euro-
 peans who desire to emigrate to the
 United States. The allotments are
 expected in the course of the next
 two weeks. In the present situation
 the Consul can grant visas only to
 native born Canadians (or Americans
 naturalized in Canada), their wives
 and children, and such only should
 visit the Consulate without previous
 correspondence. Irrespective of the
 length of their residence in Canada,
 Europeans desirous of migrating to
 the United States should first write
 the Consul, and make some arrange-
 ment with him before proceeding to
 Fernie. Every day Europeans are be-
 ing halted at the International bound-
 ary and returned to Fernie for visas.
 These, they are at present unable to
 secure, as stated above, the quota is
 not yet open.

THE U.S. IMMIGRATION

ACT OF 1924

The new American immigration regulations became effective July 1. As applicable locally their leading features are thus summarized by the American Consul at Fernie. Travelers to the United States are divided into two classes — immigrants and non-immigrants.

Immigrants

(a) Canadian citizens and British subjects domiciled in Canada (1 year residence) must secure Immigration visas from the American Consul, but are not required to present passports when applying for visas.

(b) All other immigrants seeking entry to the United States, must first procure a passport from their own government and then apply at the American Consulate for an Immigration Visa.

(c) The following classes are not subject to the Quota restrictions: viz, Canadian citizens born in Canada or the United States, their wives and children; ministers and professors of two years standing, their wives and children; the alien wife and children of an American citizen residing in the U.S.; aliens previously domiciled in the U.S., returning after a visit to Canada of not exceeding six months; and students over 16 entering the United States to attend an accredited school. All other classes are subject to the quota. Quota immigrants should write to the Consul in advance, to make sure that their quota is not exhausted.

Non-Immigrants

(a) Canadian citizens and British subjects domiciled in Canada (1 year residence) may enter the United States without passports or visas of any sort if not going as immigrants.

(b) All other non-immigrants seeking admission to the United States must bear passports issued by the American Consul.

General Observations

It will be seen from the foregoing that the most important change in the American immigration laws are those requiring that Canadians migrating to the United States must be provided with Immigration Visas and that all residents of Canada, except Canadian citizens born in North America and certain restricted classes above enumerated—ministers, professors, etc.—are subject to the quota restrictions, irrespective of length of residence.

Visas cannot be procured by mail or deputy; the applicant must present himself personally before the Consul. He must bring with him his passport (if required above) two unmounted photographs, the necessary fee, and

all papers required to establish his record, including a birth certificate and testimonial as to character and residence from his employer, a local minister of religion or the police authorities.

Where a family is migrating to the United States, each member must be provided with a separate Immigration Visa, the fee of which is \$10.40.

No Immigration forms have as yet been received from the Department of State, so that in the Consul's opinion it will be inadvisable for intending immigrants to visit the Consulate before July 15th.

Word has been received from Jack Tilley and Victor Inglis, formerly of Bellevue, but now residents of Inglewood, California. Jack was married but recently to Miss Florrie Hallworth, former Bellevue teacher. He is now in the charge of the Standard Oil Co's branch at Inglewood, while Inglis is manager of one of Sam Selig's (California's leading grocer) grocery stores.

Here and There

A party of 50 Australian boys will be the guests of the Exhibition at Toronto from August 8th to September 3rd. They are public school boys from all parts of Australia and their visit to Toronto will be made on their way home from the British Empire Exhibition.

British Columbia is now the third manufacturing province of Canada, with 2,573 manufacturing establishments, and 41,000 employees, invested capital amounting to nearly \$225,000,000 and a value of production of approximately \$260,000,000, according to Government statistics.

New Brunswick in 1923 produced more coal than at any other time in her history. The output for the year exceeded that of 1922 by more than 12,000 tons and amounted to 251,091 long tons. It is estimated that this industry creates a value of over \$1,100,000 annually, most of which goes out in supplies and wages for the benefit of the province.

What will probably be the last big round-up of horses in the West will take place shortly in the range country southeast of Calgary, Alberta, for the purpose of clearing the range of stray horses. The horses will be gathered in one central corral, where owners may claim their animals. It is estimated that about 10,000 animals will be secured. The Department of Agriculture is supervising the arrangements.

Unfinished trails from prominent citizens and the press of Alberta is given the Canadian Pacific Railway construction with the Company's recently announced branch line construction program, affecting the southern portion of the province. C.R. McNeill, member of the Provincial Legislature for Bow Valley, has called the announcement as the most important made in many years.

"Perhaps the most noteworthy fact we discovered was the vastly improved psychology of the people of the west to that which we call a year ago," commented E. W. Beatty, President of the Canadian Pacific Railway, on his return from a recent inspection of the Company's property. "They are full of confidence and realize, as the east should realize, the tremendous benefit to the whole of Canada of a 'and consecutive large harvest."

The number of big industrial undertakings projected for immediate construction on the coast of British Columbia provides a striking indication of how that province is going ahead. A \$40,000 logging railway up the Skeena River Valley, a \$1,000,000 mill plant at Chemainus, a \$200,000 amusement centre at Victoria and a \$200,000 sawmill at Port Combs, with about \$10,000 in power plants in the Seave Lake District are some of the more important and a host of smaller projects are also under way.

Practically all Canada's production of newsprint for export in March was absorbed by the United States. Of March shipments amounting to 127,533 tons valued at \$9,756,430, the United States received 125,948 tons, valued at \$9,742,222. The only other Canadian exports of newsprint of importance were 599 tons to South Africa and 1,357 tons to New Zealand. It is expected that April shipments will show an even greater proportion of consignments to the United States.

The concentration camp for emigrants to Canada and the United States maintained by the Canadian Pacific Railway and other steamship companies is located at Southampton, England. It has an average attendance of 600 and, on some days, the number is about 1,000. Comfortable quarters and meals at moderate cost are provided and features of the camp are the special dining-room for Jewish passengers, the private shower baths, with towels and bathing gowns supplied, and the isolation rooms which are also available.

Here and There

In response to the appeal of the University of Victoria College, Fernie, B.C., for \$200,000, to meet present needs, the Canadian Pacific Railway has agreed to the idea by subscribing \$10,000 to the fund.

Canada will soon be the scene of many moving picture directors, according to H. J. Barker, producer for Thomas A. Edison, who recently arrived at Banff to film the big outdoor scenes for James Oliver Curwood's "The Assailant."

The fish catch of the world approximates \$1,000,000,000 a year. In its cost to the consumer, of which \$760,000,000 goes to those who harvest it, statistics furnished by the United States Fish Commission declare.

The value of the tourist traffic to Canada is proved by figures supplied by the Parks Department of the Dominion Government, which show that the enormous sum of \$135,000,000 was spent by tourists in this country in 1923. This represents the Dominion's fourth largest source of foreign cash income.

On her arrival at Quebec, June 14, the Canadian Pacific liner "Empress of France" broke the record for the fastest time made between that port and Southampton, England, from which she sailed, having maintained an average speed of over 12 knots. This vessel also holds the record for the run between Quebec and Liverpool.

Arrangements for the Pageant of Empire, to be held at the British Empire Exhibition July 31-August 20, are now rapidly completing. Episodes showing the history of Canada and the other Dominions as well as of the Mother Country from the earliest times to the present day are being organized with the assistance of prominent residents of the Dominion now in London.

Hon. J. B. Poirault, Minister of Colonization, Mines and Fisheries for the Province of Quebec, on his return from a recent extensive trip to the Temiscaming district of that province, stated that there were over 2,000 prospectors exploring the gold-fields at Quebec and at least a million dollars would be invested in development work in the region during the course of the season.

According to figures prepared by the freight department of the Canadian Pacific Railway, the export grain movement via Vancouver reached a total of 15,714,530 bushels on May 31, 1924, compared with a total of 17,387,715 bushels as on May 31, 1923. In each instance the figures cover the crop year commencing September 1st. The increase is therefore 31,533,216 bushels or 18.12 per cent.

Entertaining celebrations took place at Vancouver and Victoria, B.C., when the special service squadron of the Royal Navy, headed by H.M.S. Hood, the largest warship in the world and flagship of the squadron, visited those places recently. The squadron is expected on the Atlantic seaboard in August, when efforts will be made by Canadians on that coast to entertain the Pacific cities in the warmth of the welcome they extend. The anticipated parties are that thousands of visitors will gather at Quebec and elsewhere to demonstrate their affection for the officers and men of the fleet.

"You may say that Canada is becoming more and more interesting to Englishmen and before long additional English capital will be used here in the development of industries. I am very optimistic and I believe that we are on the verge of a new era of unprecedented prosperity. What we need more than all now is the immigration of good men who will become an asset to this country," declared Sir John Aird, President of the Canadian Bank of Commerce, on his return from Europe, recently abandoning the Canadian Pacific steamship "Empress of France."

Mrs. W. Larnour was in town from Lunenburg on Saturday last, accompanied by her husband and mother and father, Mr. and Mrs. W. T. Eddy.

A number of friends were entertained on Thursday evening last, at the home of Mrs. Gibson, where a dainty macaroni supper was served. The chefs were all that could be desired in the persons of Dan Lewis, Doc Little, Don Lewis and Valentin Hissid; all professionals. The party included Misses May and Margaret Bellevue on Friday last from Champlain and have already taken up residence at Coalville; Mrs. and Miss Carter; Mr. and Mrs. Charles Higgins, of Great Falls, Montana; service in the Bellevue church on Sunday.

A unique convention of the Girls' Clubs of the Women's Institutes of the province was held at Jasper Park the past week. This is the first "park" convention held by the clubs.

Ed. Royle and family, of Hillcrest; S. F. Knappan and family, C. H. Erickson and family, W. Bartlett and family, and Mr. M. Johnson, of Blairmore, were visitors to Elko on Sunday last.

Rev. Oliver and family reached Bellevue on Friday last from Champlain and have already taken up residence at Coalville; Mrs. and Miss Carter; Mr. and Mrs. Charles Higgins, of Great Falls, Montana; service in the Bellevue church on Sunday.

A party of 200 Canadian Weekly Newspaper Editors and their wives sailed for Europe on June 11th aboard the Canadian Pacific steamship "Moltis." The party will visit the battle-fields of France and Belgium, seeing most important points in those countries, including Brussels and Paris and will be received by King Albert. Later, they will tour England and Scotland and are to be presented to the King and Queen at Buckingham Palace on Dominion Day. Returning on the Canadian Pacific steamship "Montreal," they will visit Belfast, where Sir Robert Baird, head of the Belfast Telegraph, will entertain them. They dock at Quebec on August 4th.

Representing Canada at Olympiad.

Toronto Rowing men and swimmers sailing on the Canadian Pacific S.S. Minnedosa for the Olympic games included, back row from left to right, J.M.S. Kingston, manager of the rowing eight; R.S. Hunter, No. 6; W. Langford, No. 6; A. Bell, No. 7; W.L. Wallace, stroke, W.B. Thompson, oarsman; Tommy Walker, Turner Chapman. Front row: M.W. Taylor, Bow; H.B. Little, No. 2; Mrs. Louisa, with her husband, Prof. T.F. Louisa of Toronto University is accompanying the rowing eight; J.D.S. Smith, No. 3; W.B. Snyder, No. 4; J. Campbell, coxswain.

NOTICE

NOTICE is hereby given that, in accordance with the provisions of the Irrigation Act, the CANADIAN PACIFIC RAILWAY COMPANY have filed the necessary memoranda and plans required by Sections 13 and 14 of the said Act, with the Commissioner of Irrigation, at Calgary, Alta.

The applicant company applies for the right to divert sufficient water from GOLD CREEK at a point on the Southwest quarter of section 31, township 7, range 3, west of the 11th meridian, for industrial purposes, and for the right to construct the necessary works, as shown by the memorial and plans filed, to enable the water so diverted to be used for the said industrial purposes. In the Company's tanks, engines, and buildings situated at Frank, Alta.

DATED at Calgary, Alberta, this 20th day of June, 1924.
T. LEES, Applicant.

HEIRS WANTED

Missing Heirs are being sought throughout the world. Many people are today living in comparative poverty who are really rich, but do not know it. You may be one of them. Send for Index Book, "Missing Heirs and Next-of-Kin," containing carefully authenticated lists of missing heirs and unclaimed estates which have been advertised for, here and abroad. The Index of Missing Heirs we offer for sale contains thousands of names which have appeared in American, Canadian, Scotch, Irish, English, Welsh, German, French, Belgian, Swedish, Indian, Colonial, and other newspapers, invited by lawyers, executors, administrators. Also contains list of English and Irish Courts of Chancery and unclaimed dividends of Bank of England. Your name or your ancestor's may be in the list. Send \$1.00 (one dollar), at once for book.

This advt. not inserted by the Alberta Liquor Control Board or the Government of the Province of Alberta.

THE HORSE'S PRAYER

To thee, my master, I offer my prayer: Feed, water and care for me; when the day's work is done, provide me with shelter and a clean dry bed. Always be kind to me, and let me sometimes that I may serve you the more gladly and learn to love you. Do not jerk the reins, and do not whip me when going up hill. Never strike, beat or kick me when I do not understand what you want; but give me a chance to understand you; watch me, and if I fail to do your bidding, see if something is not wrong to prevent me from obeying. Do not overlead me, or hitch me where water will drip on me. Keep me well shod. Examine my teeth when I do not eat; I may have an ulcerated tooth, and that, you know, is very painful. Do not tie or check my head in an unnatural position, nor take away my best defense against flies and mosquitoes by cutting off my mane or tail. I cannot tell you when I am thirsty; so give me clean, cool water

often. I cannot tell you in words when I am sick, so watch me and by signs you may know my condition. Give me all possible shelter from the hot sun, and put a blanket on me, not when I am working, but when I am standing in the cold. Never put a spurs bit in my mouth; I really warn it by holding it a moment in your hands.

I try to carry you and your burdens without a murmur, and wait patiently for you long hours of the day and night without the power to choose my shoes or path. I sometimes fall on hard pavement, which I have often prayed might be of such nature as to give a safe and sure footing, and I must be ready at any moment to lose my life in your service.

And finally, O, my master, when my useful strength is gone, do not turn me out to starve or freeze, nor sell me to some brute to be slowly starved to death; but do thou, my master, take my life in the kindest way, and your God will reward you here and hereafter. Amen.

Mrs. K. K. Goods was a visitor from Crow's Nest on Monday last.

Among the speakers to address the great convention of the Associated Advertising Clubs of the World at London, England, to be held July 14-17, will be E. W. Beatty, K.C., Chairman and President of the Canadian Pacific Railway. Mr. Beatty will speak on July 17, and has chosen as his theme "Building an Empire with Advertising."

Concluding her round-the-world cruise, the palatial Canadian Pacific liner, "Empress of Canada," docks at Vancouver on May 24th. Reports indicate that this four-months' pleasure voyage under the genial care of Captain Robinson, hero of the Japanese disaster, has been a splendid success, the passengers being loud in their declarations of satisfaction.

During the fiscal year ending March 31st, 1924, Canada imported goods to the value of \$209,335,494, an increase of \$31,000,000 compared with the previous similar twelve months, while she exported \$1,045,141,056, an increase of about \$119,000,000. The total trade increased in that twelve-month period by about \$210,000,000, compared with the corresponding period a year ago.

PRIZE LIST

BELLEVUE HORTICULTURAL & INDUSTRIAL CLUB

RULES-CLUB

1. That this Club be called The Bellevue and District Horticultural and Industrial Club.
2. That the yearly subscription be \$2.00 per member and such levies that may be necessary to successfully carry out the society.
3. That the General Meetings of the Club be held on the first Tuesday of each month, and that notices be posted as to time and place of meeting.
4. That the Board of Directors shall consist of seven members and the President and Secretary-Treasurer of the Club.
5. That a quorum shall consist of five members and two officials.
6. That the appended rules shall govern all Exhibitions and Competitions.

RULES EXHIBITION

1. The entrance fee shall be 10c per exhibit in each class except Classes No. 1, 2 and 76 which shall be 50c per exhibit.
2. All entries to be made in writing to the Secretary of the Club on or before 10 a.m. of the day of exhibition. All members will have deducted their membership fees for the ensuing year.
3. No prizes shall be awarded unless there is one more entry than prize.
4. All exhibits must be in place by 9 a.m. on the day of exhibition, and no exhibit will be allowed to be removed from the exhibition hall before 6 p.m.
5. Exhibits must be the property of the exhibitor. Produce must be grown by the exhibitor. Home grown fruits and vegetables for preserves, canned goods, etc., must be made in the establishment of the person exhibiting and classed by themselves.
6. Imported fruits and vegetables for preserves, canned goods, etc., must be made in the establishment of the person exhibiting and classed by themselves.
7. All vegetables must be clean sound and properly prepared for exhibition. The Club reserves the right to refuse acceptance of any entry, but will state reasons for doing so.
8. All varieties of vegetables must be correctly, neatly and legibly named. Failure to do this renders exhibits liable to disqualification.
9. On the entry of each exhibit, a card will be furnished the exhibitor, specifying class, definition and number of entry; which card must remain attached to the exhibit during the exhibition.
10. The Club officers in charge will direct the placing of all exhibits and exhibitors must strictly obey the instructions given by such officer. The Club is responsible for having entries in each class staged together.
11. Exhibits shall not in any way be allowed to carry marks that may identify their ownership.
12. No person shall act as judge in any class in which he exhibits or in any class in which he is interested for his own benefit. Judges shall hand in their awards in writing, properly signed, to the Secretary, before leaving the grounds. Each Judge shall ascertain from the Secretary whether there are any protests against any of his awards, in order that he may duly present to the board his reasons for the award.
13. All protests must be lodged with the Secretary in writing within four hours after the awards have been announced. The decision of the directors in all matters designated under these rules shall be final. A deposit equal to the value of the first prize of exhibits under protest is required. All deposits to be refunded if the protest is sustained.
14. In addition to the premiums offered in the prize list, the Judges may recommend additional premiums to the exhibitors who may consider worthy and the Board of Directors will then determine whether such premiums shall be awarded, and the amount of same. Judges may also distinguish such exhibits as they consider deserving of notice, but have not received prizes, by tickets bearing the words "Highly Commended" or "Commended."
15. In the absence of competition in any section, or if the article exhibited be of inferior quality, the Judges shall have power to award only such premiums as they consider merited. The Judges shall exercise such discretion as to whether they shall award 1st, 2nd, 3rd or any premium.
16. Growers are heartily invited to exhibit such productions not specially mentioned in the prize lists, but which are likely to be of interest as novelties or for any other reason. The Judges will not undertake to vote awards for such exhibits, but in some cases where the exhibits are recommended for awards by the Judges the Directors may grant extra awards of such amounts as they decide.
17. Any person who will attempt to interfere with or influence the Judges whilst in discharge of their duties, or who shall at any time on the premises of the Club, use any contumacious or abusive language to any Judge in consequence of any award made by him, shall forfeit his right to any and all premiums to which he might otherwise be entitled, and may be excluded from exhibiting for one year thereafter. Judges are particularly requested to immediately report any breach of this rule.
18. Upon the discovery of any fraud, deception or dishonest practice, either in the preparation, ownership or in any representation concerning any article or exhibit, which may have been intended to affect the decision of the Judges, the Board of Directors have power to withhold payment of any and all prizes awarded, and may prohibit any such party or parties from exhibiting for one or more years, and may also publish the name or names of such party or parties, or not, as may be deemed most expedient.
19. The Board of Directors will use every precaution in their power for the safe preservation of articles on exhibition, but will not be responsible for loss or damage. Exhibitors must give attention to their own exhibits during the fair and at the close of the exhibition attend to their removal.
20. If there are not sufficient funds on hand to pay prizes in full, all prizes will be paid pro rata.
21. Any person handling exhibits or moving tickets after having been placed there by the Judges shall be liable to prosecution.
22. All prize money for exhibits will be paid by the Secretary only, within two weeks after the exhibition.

LIST OF CLASSES

NOTICE—This advertisement not inserted by the Alberta Liquor Control Board or the Government of the Province of Alberta.

COWLEY HAPPENINGS

H. D. McMillan is a Calgary visitor this week.

Mrs. Colvin and children, of Calgary, are paying a visit to relatives here at present.

Miss Madge Emerson, of Pincher Creek, has been visiting friends in town for several days.

Mr. and Mrs. James Leigh went to Calgary by motor on Sunday. They will take in the Stampede.

W. G. Buchanan and family, of Vancouver, have arrived by motor for an extended visit in these parts.

A very enjoyable meeting of the Ladies' Aid was held at the home of Mrs. Latta on Thursday afternoon.

Wilfred Fortier and Mrs. Sheila Bunning left on Friday night by train for Calgary to attend the Stampede.

M. A. Murphy left on Sunday night's train for Calgary, where he will attend the Stampede. Fred Snyder has taken over the post office during his absence.

Miss Margaret Morrison, of Boston, is paying a visit to her brother and family here before continuing on to British Columbia, where she will visit her sister, Mrs. Sid McCabe and family.

Canada's national wealth in 1921 was \$22,190,000,000, according to a report just issued by the Dominion Bureau of Statistics. In the tabulation, agricultural wealth comes first, with \$7,982,871,126, nearly 36 per cent of the total and about \$908 per head of population. The Western provinces lead, the Yukon topping the list with \$4,058. The first in absolute wealth was Ontario, to which is credited the sum of \$7,358,000,000, or thirty-three per cent of the Dominion total.

Shipping in and out of the port of Vancouver, B.C., for the calendar year 1923, showed an increase in all departments, according to the annual report of the Board of Harbor Commissioners. Over \$135,000,000 worth of goods were exported, an increase of \$30,000,000 over the value of the 1922 exports, while the imports totalled \$224,000,000, an increase of \$13,000,000 over the 1922 figures. Vessels numbering 19,608, representing a total of 8,427,683 net tons, entered and left the port in 1923, an increase over 1922 of 2,569 ships and 797,239 tons.

GIVE YOUR BOY A

HOLIDAY IN CAMP

Mothers! The problem of what to do with that boy of yours during the holidays can be solved by sending him to the Y. M. C. A. camp at Lee's Lake. Regular habits, plenty of good food, life in the open, and contact with other boys will send him back to school stronger physically, mentally, and morally. The peculiar relations one boy has with another and the general camp atmosphere develops usefulness, manliness, initiative, and character. Every precaution is taken to safeguard the health of the boys. No swimming except at regular swimming hours, and then only under the supervision of such competent instructors as Mr. McKillop, physical instructor of the public schools, and Mr. Young, general secretary of the Y.M.C.A. Cooking is done by an experienced chef who provides good wholesome food.

The day's program runs like this:

7.00 a.m.—Reveille.
7.05 a.m.—Setting up exercises.
7.10 a.m.—Morning dip.
7.30 a.m.—Breakfast.
8.00 a.m.—Camp duties.
8.30 a.m.—Fishing, hiking, baseball, sports, etc.

11.15 a.m.—Swimming, life saving, water games.
12.30 noon—Dinner.
1.00 p.m.—Rest hour.
2.00 p.m.—Afternoon free and easy.
4.30 p.m.—Tent inspection.
6.00 p.m.—Supper.
6.30 p.m.—Bible study.
7.00 p.m.—Baseball, volley ball and group games.
8.00 p.m.—Camp fire and stunts.
10.00 p.m.—Lights out.

If forty boys register by July 10th, the Y. M. C. A. camp at Lee's Lake will be possible again this year. The cost per boy is \$15.00, including transportation and accommodation. The trip will be for ten days, starting on July 18th. Lee's Lake is located near Burnin, in the heart of the foothills. Mountains, lake, trees and grass—things that the boy's heart craves for.

BLAIRMORE BOY SCOUTS

Jack Barnacal, Gordon Lewis and John Lewis have passed the Tenderfoot test and are entitled to wear the Boy Scouts' Tenderfoot badge.

She—"Would you put yourself out for me?"

He—"I certainly would!"

She—"Well, then, for heaven's sake do. It's after twelve and I'm awfully tired."

And it may be that some people will spend eternity chasing all over hell to return pencils they borrowed.

Only a few can render great service to humanity, but everybody can dim his headlights.

The two things that make a great man small are a crisis and close acquaintance.

Another difference between a conviction and a prejudice is that you can inherit one from your grandfather.

Correct this sentence: "I don't mind spending the money," said the husband, "but I hate to part with this comfortable furniture and get new."

A despatch recently sent from London states that Professor Carlyle, of the E. P. ranch, is sailing for Canada shortly, taking back with him a number of brood mares and other stock for the ranch. The Prince of Wales continues to evince the deepest interest in all the doings of the ranch and keeps in close touch with things there.

Approximately the same acreage as produced the West's bumper crop last year will be under cultivation this season. The outlook now is that over 14,000,000 acres of land will be ready for seed under generally favorable conditions. The estimated acreage to be seeded this year, by provinces, is as follows: Manitoba, 4,450,400; Saskatchewan, 3,354,190; Alberta, 3,472,315.

The value of boots and shoes exported by Canada during the year ended March, 1924, more than doubled the value of Canadian boots and shoes bought by other countries during the preceding year. Last year the exportations were valued at \$304,913, and for the preceding year at \$150,004. The United States was the chief buyer, taking 2,227 pairs, with Japan second, taking 1,828 pairs.

CHRISTIE GRANT CO'Y

Corner of 8th Avenue and Victoria Street
BLAIRMORE, ALBERTA

TEN COMMANDMENTS OF THE MAIL ORDER HOUSE

1. You shall sell your farm products for cash, where you can, but not to us, for we buy nothing from you.
2. You shall believe us, and best because we do not know you personally.
3. You shall send your money to us in advance so we can buy the goods from the factory with your money; you may have to wait a few weeks but that is our business method.
4. You shall get help from our nearest city or village to build good roads, so you may easily haul our goods from the depot, but do not ask help from us—we don't help to build

5. You may buy church bells and altar utensils from us, and send the money in advance—that's our rule.
6. You shall get all the help you can for the church from the business men in your neighboring villages or city, although we have more profit from you than they, it is against our rules to give to your churches.
7. You shall convert your neighbors also to your faith in us for we have room for more money.
8. You shall look at the pretty pictures in our catalogue as often as you can, so as to strengthen your desire for things you do not need, but which you may order with other goods to save freight. Send us all of your ready cash so that you may not have any left to buy necessities from your home dealers.

9. You shall believe us rather than your home business men, for we want your trade. We get to be millionaires on your support. Don't be bluffed.
10. You shall call on the business people of your own vicinity for help and credit if you meet with hard luck or sickness. It's your money we want; we don't know you unless your orders are accompanied by cash.

Porky was standing in front of a haberdasher's window display.

"Thinking of buying a shirt or pyjamas or something," suggested the alert salesman.

"Gar, No!" sighed Porky. "The only thing that fits me ready-made is a red handkerchief."

Beauty Flies For Speckled Beauties

above pretty girl, one of a party of five, has just come in from a flying trip to a nearby lake and is justly proud of her string of speckled beauties.

PROMPT DELIVERY

Local and General Items

Mrs. (Capt.) W. J. Fieger is visiting in Calgary for a few days.

Miss M. T. Davis left here for her home in Nova Scotia the early part of the week.

Last year Canadian Government ships lost over two million dollars on their various voyages.

Dentists from all parts of the Dominion will meet at Vancouver for annual parley on August 4th to 9th.

Calvin Coolidge, junior, sixteen-year-old son of President Coolidge, died at Washington on Monday night of blood poisoning.

It has been announced by H.R.H. the Prince of Wales, that he will again visit his ranch in Alberta this fall.

Magistrate Gresham returned from Calgary on Monday, after ten days spent in camp with the Strathcona Horse.

Seeing so many bob-haired ladies around town, one would imagine there was a splendid opening in Blaimore for a beauty parlor.

A dance will be held in the Lundbreck hall on the night of Friday, July 18th, under the auspices of the Women's Institute.

Miss Kathleen Tompkins, who has been attending college at Winnipeg, arrived home last week to spend her vacation with her parents at Frank.

His Excellency the Governor-General and Chief Scout of Canada, has this week written to the Rev. A. W. Neal, appointing him Scoutmaster.

Miss Frances Gibeau joined the Flinn party on Friday last on a couple of weeks' motoring and camping trip through British Columbia.

We were slightly in error last week in connection with the announcement of the Governor-General's visit here. The hour of stay here will be 11 to 12 noon.

Mr. and Mrs. Frank A. Beebe left on an extended holiday trip to the Pacific Coast by motor, via Calgary. They expect to reach their home at Regina early in September.

It is quite a relief to Pass people to notice that the big police car had been unmounted, the famous machine gun probably taken to Ottawa to guard Putnam's buffalo remains.

Putnam returned from Macleod on Friday morning last. He complained of dust on the prairie and with his first sneeze here deposited about two acres of Macleod soil in Blaimore.

The Christie Grant Co. report their great holiday sale going strong and are this week end offering another line of special bargains. See their big bills and their ad. in this issue.

The Coleman Light and Water Company, Limited, has been incorporated under the Companies' Act of the Province of Alberta as a limited company with a capitalization of \$2500.

If Mr. Brownlee, instead of becoming the legacy of debt which his government inherited on taking office, would explain why it is that it is costing more to police this province, local Dominion and Provincial, than any other province in Canada, and possibly more than any other similar area in the world, he would be giving real information to the people.—Exchange.

Mayor McLeod is in Calgary this week attending the Stampede.

Dr. R. K. Little was in Calgary this week, attending a meeting of Shriners.

The Board of Railway Commissioners will sit at Lethbridge on Wednesday next.

Some good catches of fish are being brought in from southern streams daily.

Mrs. J. Davis returned on Wednesday from Macleod where she has been spending several days holidaying.

Commissioner R. J. Dinning, of the Alberta Liquor Control Board, paid a visit to Blaimore on Thursday evening last.

The new vendor store at Coleman is about ready for opening and will be in charge of Mr. McLean, who arrived in Blaimore a few weeks ago.

Mrs. D. M. J. Conway is visiting in the northern part of the province, while her husband is marking examination papers at Edmonton.

Installation of the officers of Crowview Rebekah Lodge takes place tonight. Sis. Fraser, D.D.P., will officiate.

A flapper is a girl who powders her nose, bobs her hair and says to herself: "Clothes, I am going down town. If you want to come along, hang on!"

Mrs. J. S. Corbett, of Fernie, who has been visiting with Mr. and Mrs. W. W. Scott for the past week, returned to her home this morning.

T. H. Stedman has disposed of the Queen's Hotel at Macleod to Messrs. Swinerton and Grier, owners of The Empire Hotel. Mr. Stedman has decided to retire from public life.

A meeting of citizens was held in the town hall last evening, for the purpose of arranging for the reception of the Governor-General on August 8th. A committee was chosen to draft address and programme.

The House of Commons' banking and commerce committee rejected by a vote of 27 to 17 a motion by G. G. Coote, member for Macleod, Progressive, for the establishment of an emergency rural credit plan for the present year.

The marriage of Miss Anna Mayberry to Mr. Ernest Charles Hansen took place at Pincher Creek on June 28th. Miss Baker, of the local telephone staff, acted as bridesmaid. Miss Mayberry was for years chief of the telephone staff at Pincher Creek and is very popular.

The funeral of the late John Unsworth took place at Coleman on Friday afternoon last and was very largely attended. Members of the I. O. O. F. attended in a body. A short service was conducted at the home by Rev. D. K. Allan. Floral tributes were many and beautiful.

Parties camping on private property should be considerate and not leave rubbish behind for the property owner or someone else to clean up. Some of the finest camping grounds in the country are in the vicinity of Lee Lake, and no objection is raised by Mr. and Mrs. Parker to parties camping there, provided they leave their campground in a respectable condition. Of late, however, parties have camped there and left their campground in a disgraceful condition.

IN PERFECT ACCORD

with the season, with the style, and with your individuality should be the JEWELRY YOU WEAR.

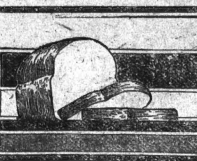

We are showing the newest ideas in costume jewelry and there are many dainty novelties here, so modestly priced you will really be surprised.

Call and let us show you our jewelry.

Gift suggestions in silverware and jewelry for Commencement and Summer Brides also a specialty.

BREAD

We could not get along without it. It's the old "Standby". Why? Because it is all substance and nourishment.

Because it satisfies when other foods do not. Ours has a real bread flavor and a good substantial slice.

Call up your grocer—He has it. Bread is your Best Food—Eat more of it.

Just Feel These Goods, Sir

So soft and fleece-like to the touch. What body and substance are there, what wearing quality, yet what lightness. And the pattern, sir—why we have anything your fancy desires; checks, plaids, stripes, herring-bones, underlines, overlines, colors striking and subdued. We'll make up the goods as you like but not double-breasted—the Government won't let us.

J. E. UPTON.
